### Descripció:

Are you ready to create a game for your littlest classmates?!

PAS	DESCRIPCIÓ	PISTES
1	Create different balloon sprites.	<a href="#">Create characters</a>
2	Change its colour so that they will be different.	<a href="#">Sprite Design</a>
3	Name them differently.	
4	Add a backdrop.	<a href="#">Backdrop design</a>
5	Code each balloon to fly randomly (without rotating) and bounce when they touch an edge.	<a href="#">Move in every direction</a>
6	Code each balloon so that when we click on it, it will say the name of each colour.	<a href="#">Coding the sprites to speak</a>
7	And now... test the game and share it with your classmates! :)
